WordPress & Shopify Developer – Createmax

Worked onsite for 3 months as a WordPress Developer at Createmax, where I built responsive and high-performing websites using Elementor Pro. I customized Envato templates and developed fully custom WordPress websites from scratch using a mix of custom code and Elementor. I also handled basic Shopify tasks, including store setup, product uploads, and minor theme customizations. Collaborated closely with the team to deliver business-focused, visually appealing, and easy-to-manage web solutions tailored to client needs

WordPress & Shopify Developer – Vizionaryx

Completed a 4-month onsite role as a WordPress Developer at VizionaryX Solution, where I designed and developed responsive websites using WordPress and Elementor Pro. Along with WordPress, I also gained hands-on experience with Shopify, customizing themes and creating user-friendly online stores. My work focused on delivering visually appealing, performance-optimized, and business-oriented web solutions aligned with client goals.
